## Forest Roads Will Be Repaired After Contract Awarded

Contracts for the rental of heavy equipment to be used in repairing of roads damaged in the December, 1964, storms on the Truckee District, Tahoe National Forest have been awarded to two separate parties, it was announced by Truckee District Ranger Dave Mohla.

Separate contracts were awarded this past week to Sha-Neva Trucking Company of Truckee and Ray W. Smith, also of Truckee. Both contracts consisted of rental of a tractor, back hoe, and loader, dump trucks and a road grader. The contractors are required to provide helpers to assist in cleaning out culverts, installation of culverts and general hand labor.

It is anticipated that the repair work under these contracts will be completed by July 1. The work to be accomplished under these contracts will consist of road repairs such as slide removal, excavation of road beds from slide area, culvert installation, windfall removal and replacing of roadway embankment.

Mohla stated that in some cases, repairs to drainage structures may be temporary pending design of new structures. The installation of such will be at a later date.

## Soroptimists Fashion Show Slated May 25

KINGS BEACH — The Soroptimist sponsored fashion show-luncheon, "Fashions 'Round the Clock", is all in readiness for May 25, Chairman Leah Hopkins reports. The buffet luncheon begins at 12:30.

Miss Artis Breau of Gray Reid's fashion council, will do the commentary, and an outfit from Gray Reid's will be presented. Those who wish may play games after the fashion show. Local merchants have donated many gifts.

The committee heads assisting Mrs. Hopkins with the fashion show are: Barbara Spitsen, tickets; Louise Scoville, decorations; Marge Fellows, favors; Martie Rieck, Tally Daneri, and Helen Beaverson.

Proceeds from the event go into the scholarship fund. The Soroptimist Club of Lake Tahoe gives a yearly $500 scholarship to a student of the Tahoe Truckee high school.

## Busy Season Plans Made For Clampers

A number of activities, including a spaghetti feed at the fire station on the evening of May 20, a ladies' night buffet and dance to be held at a place and date to be announced and a slippery gultch on August 15, were discussed at a meeting of Chief Truckee Chapter of E Clampus Vitus.

More details will be discussed at the June 11 meeting with Frank Stella, noble grand humbug, presiding.

At the slippery gultch, a commemorative program will honor the late Joe Reid who built the first house in Truckee. This building, now forming part of the William Englehart home, will be adorned with a suitable plaque at the time.

Henry Guirle, one of the most active members, this week transported a load of stone, donated by Stella, to Murphys where it, along with stone from all other ECV chapters, will be used to erect a monument at the site of the first ECV saloon during the grand council meeting on May 29.

## HORSEMEN TO MEET TO NAME OFFICERS

A meeting of the directors of the Truckee Donner Horsemen's Association will be held at the home of Frank Snyder tonight at 8 o'clock for the purpose of selecting candidates for office and to discuss summer activties, including the junior horsemen program.

The recent meeting failed to bring out a sufficient number of members to hold the scheduled election.

## BARAK WRIGHT AT EAST BOWL SCHOOL

Barak C. Wright, co-owner-manager of the soon-to-be-opened Tahoe Forest Bowl, Incline Village, Nevada, was in Chicago atttending the Brunswick Bowling Management School. The new modern bowling center is expected to open on July 15, 1965.

The school has been conducted for the past 12 years by Brunswick Corporation's bowling division to present the fundamentals of bowling management to owners and operators of bowling establishments.

## Two Teachers At Tahoe Honored In Competitive Tests

TAHOE CITY—Principal Darrel Smith of the Tahoe Lake School announced this week that two teachers of the Tahoe Lake School, Gayle Brower and Joe Brower, have been selected as recipients of federal grants for summer study.

This is a great honor for the Browers since the selection was on a competitive basis and limited to 42 teachers throughout the United States. The selection was based on training and experience of the candidates, an essay competition and an estimate of the contribution the institute could make toward improving the quality of foreign language instruction in the local district.

Their summer study will be held at Chapman College in Orange and will be in the form of a seven week intensive Spanish Language Institute. The grant carries graduate credit and covers the cost of tuition and pay $75 per week toward living expenses. The participants live in a Spanish speaking environment, are taught by native speakers from various Latin American countries. Courses required include Spanish Linguistic, Spanish Stylistics, Spanish Phonetics and methods of teaching Spanish. Courses are from 8 a. m. to 5 p. m. weekend and evening seminars are required in additiion.

Gayle Brower is a sixth grade teacher at Tahoe Lake School while Joe Brower teaches the seventh grade there.

## Sierra Spree Plans Are Progressing

Mrs. Lee Van Wetter, president of the Tahoe Forest Hospital Auxiliary, has announced that plans are progressing for the 5th annual Sierra Spree, a buffet dinner and dance to be held at the North Shore Club in Crystal Bay on Thursday May 20.

Tickets for this charity affair have been distributed to all the members of the Auxiliary by the area chairmen, Mrs. Raymond Fellows, Mrs. Loren Russell, Mrs. Jack Holley and Mrs. Frank Evans and may be purchased from any member for $5 each. They may also be purchased on the night of the dinner at the North Shore Club.

Cocktails will start at 5:30 and the buffet will be served from 7:30 to 10:30. Dancing will begin at 9.

The public is cordially invited.

## LUNARDI RESOLUTION GETS FULL APPROVAL

A resolution authored by State Senator Paul J. Lunardi of Roseville urging congress to give its support to a proposed scenic parkway loop around Lake Tahoe in California and Nevada was given unanimous approval by a vote of 59 to 0.

The measure specifically requests speedy congressional approval of a feasibility study of the parkway plan by the National Park Service.

The resolution, SJR30, contends that the "nature and use of the proposed parkway" justifies inclusion in the national parkway system. It also points out that such a parkway is being studied by the president's recreational advisory council.

## BRIAN PHIPPS GETS HIGH HONOR AT UOP

Brian Phipps was chosen as the outstanding male scholastic student at the U. O. P. at Stockton alumni banquet held May 8. This is the third time he has been awarded the honor at the university, now in his junior year. He is a history major with a 4.0 grade point average.

Mrs. Barbara Phipps wrote that son, Bernal was recently elected as student body president of the James Marshall high school in West Sacramento and not Washington high school as previously reported.

**TROWERS RETURN**

Mr. and Mrs. Robert Trower who spent the winter in Florida, returned to their Donner Lake home last week but plan to leave soon for the Redwood Highway where he will be employed this summer at the quarantine station on the Oregon border.

Mrs. Charles Heller will return to her home at San Rafael Friday, following a visit here with friends and attending the O. E. S. meeting.

## Pilot Lost In Plane Crash At Tahoe; Search For Body

Debris, clothing and personal papers found floating on Lake Tahoe three miles off the west shore from Homewood Sunday have definitely shown that Dr. James D. Green, 30 year old Reno dentist, was piloting the ill-fated aircraft which plunged into the lake Saturday.

While the body has not been recovered from the 900-foot depth, investigators, headed by Captain Robert Moustris of the Placer County sheriff's department are convinced Dr. Green was lost in the accident.

Colonel Robert Moist of Squaw Valley, active in the Civil Air Patrol and retired air force officer, said he heard the plane over Squaw Valley Saturday about 7 p. m. It veered south and disappeared in a snow squall.

Moist, who headed the search for the missing plane, overdue on a

## Casey McKinley Is Seriously Hurt In Highway 50 Crash

Local friends have learned of the serious injury suffered by Casey McKinley, 17, daughter of Mr. and Mrs. Calvin McKinley, former Truckee residents, in an automobile accident on Highway 50 five miles west of Placerville April 24.

Casey, a patient in Sutter Memorial Hospital at Sacramento, has not regained consciousness since the car in which she was a passenger was wrecked. She was participating in an educational fair in Sacramento and was obtaining an exhibit when the crash occurred. The day before, Casey and her sisters won a trophy while singing at a hootnanney.

The McKinleys now live in Folsom but Casey attended the local school before they left here.

## Butch Tamblyn Is With Local Agency

W. G. (Butch) Tamblyn of Kings Beach is now associated with the Tahoe Truckee Agency as insurance agent in the North Tahoe and Truckee area. He was formerly with an agency at Kings Beach where he is well known.

Tamblyn is the son of Mr. and Mrs. William Tamblyn and is also associated with his parents in the operation of the Squaw Valey Theater.

James Harris, manager of the Tahoe Truckee Agency, was high in his praise for the new addition to his staff and said he was fortunate in securing his services.

## GERMAN VISITOR IS GUEST OF WOLERTS

Mr. and Mrs. Jack Wolert went to San Francisco where they met his sister, Mrs. Paula Kasischke who arrived by airplane from her home in Hamburg, Germany, for a six months visit. The flight included Frankfort, Paris, Montreal, the bay port.

The Wolerts plan to motor to as many points of interest as possible to show Mrs. Kasischke the beauty of the west.

## JUNIOR PROM WILL BE HELD ON SATURDAY

The junior class members of the Tahoe Truckee High School will be hosts Saturday evening, May 15, in the Hidden Valley Country Club at Reno, honoring the graduating seniors and other guests at the annual junior prom.

The affair, that promises to be a gala event, will begin at eight o'clock and will be chaperoned by members of the high school faculty.

**VISIT PAINTERS**

Mr. and Mrs. Carl Painter returned from Alameda where they were guests of their son and daughter-in-law, Mr. and Mrs. Willard Painter. They were accompanied home for a visit by their two young grandsons, Ronnie and Kenny. The children's father has just re-enlisted in the U. S. Navy.

Friends and family of Roxie Archie wish her happiness for the coming year, on her birthday anniversary on May 15.

## Spring Festival Is Highlight Of Year For Music Classes

The standing ovation given by the large audience attending the Spring Music Festival held in the Tahoe Truckee high school last Saturday evening was in tribute of the excellent performance of the combined chorus and bands, their directors and accompanists in the Tahoe Lake, Kings Beach, Donner Summit and Truckee elementary schools and the Tahoe Truckee high school.

The wide variety of the selected numbers and the manner in which they were rendered by the young people gives credit and praise to the teaching ability of their advisors and the potential talent of the musicians, a credit to all and a delight to the 500 friends and relatives attending.

Those directly responsible for the uptrend in musical interest in the local schools include directors Richard Small, Mrs. Barbara Small, Mrs. Ruth Evans, Mrs. Nora Ferrari and Frank Austin and accompanists, Mrs. Muriel Wiser and Mrs. Ruth McDown.

## Bite Of Steak Fatal To Steel Official

David Otto Northrup of Pittsburgh Pa., expired Saturday night after he apparently choked on a piece of steak while dining with friends at Fir Crags just north of Tahoe City.

Northrup, 60, was a consulting engineer with the United States Steel Corporation and was on a business trip in the west.

He is survived by his wife and two children. The body was returned to Pennsylvania Monday.

## Three Babies Born In Local Hospital

Three babies were born at Tahoe Forest Hospital within the week with the arrival, May 5 of a son for Mr. and Mrs. Henry Schwarz of Truckee. The lad weighed 6 and a half pounds and has been named Steven William.

Mr. and Mrs Angelo Bonino of Tahoe City welcomed a daughter May 7. The little girl was five pounds, 12 ounces at birth. Her parents named her Angela Lynn.

Richard Andrew were selected names for the son of Mr. and Mrs. Richard Austin of Tahoe City, born May 9. His first weight was one ounce less than seven pounds.

## LAKE LEVEL NEARING MAXIMUM ALLOWED

TAHOE CITY—Lake Tahoe level on Tuesday reached 6227.70, with 50 cubic feet per second leaving the gates at Tahoe City.

High temperature for the week was a moderate 55 degrees on Monday, preceded by a low of 22 degrees on May 6.

Daryl DeWalt said that the weather for the coming month will determine whether or not the lake reaches its maximum level of 6,229 feet.

## WAR VETERANS ARE CONDUCTING DRIVE

CRYSTAL BAY—The Veterans of Foreign Wars of Post 7077 are conducting their annual sick room equipment campaign.

The campaign is designed to finance the purchase of equipment for free home use for all residents of the North Tahoe area.

It is pointed out that this is not a donation, but solicitors will be in the area for a few days taking subscriptions. Residents are urged to check the credentials which are signed by officers of the post.

## Many Volunteers To Supply Trucks For Cleanup Work

Starting with a breakfast at Smart's at 8 a. m. Saturday should be a busy day for everyone in the Truckee-Donner area. All volunteers are invited to enjoy the breakfast as guests of the chamber.

That day has been designated for the annual cleanup sponsored by the Truckee-Donner Chamber of Commerce and the Truckee and Donner Fire Departments. A number of local concerns are supplying dump trucks, loaders and men in a volunteer move to clear the area of debris in the one-day effort.

Home owners and renters are asked to pile their collection along the edge of the property for easy access by the trucks and crews and to assist in loading. No lots will be cleaned by the volunteers.

**N. F. Dolley, chamber president, who is spearheading the project, requested that owners of old vehicles wishing them hauled off to contact him in advance of the drive so that arrangements can be made to have them hauled away.**

Among those who have offered equipment for the drive are the Truckee Public Utility District, a loader; Sierra Pacific Power Co., dump truck; Clements, 2 trucks; Harry Stout, truck; Southern Pacific, dump truck; Sidney Topal, dump truck; Universal Transportation Co., truck.

The Fire-Ettes will serve lunch for the volunteers at the fire station at noon, and work will continue throughout the day.

The full cooperation of everyone is urged to make the cleanup a success.

## Little League Boys Asked To Turnout

Boys between the ages of 8 and 15 who wish to play in the Truckee-Donner Little League this summer are urged to attend practice at the high school or elementary school diamonds this week. Practice starts at 5:30 p. m. daily.

Truckee-Donner will field three teams, the minors, majors and seniors, giving opportunity to all boys to take part in the sport.

Unless the boys turn out for practice they will not be eligible to participate as the deadline for signing up is rapidly approaching and after that no other boys will be able to sign up.

The seniors are being managed by Hal Welch, the majors by James Harris and Dick Quist and the minors by Al Nix. Len Bequette is the business manager.

## Forest Service Adds Funds For Schools

In the 1964 report of the Tahoe National Forest, Supervisor H. E. Branagh showed that the total receipts in the fiscal year was $1,999,926.67, of which $1,134,837.32 came from timber sales.

When the local sheriff's department wants to compete with the stories the fishermen tell, they really do it the right way—they not only circulate it but they get the backing of almost 500 witnesses to the fact. When they made the claim of rescuing a Pelican from the lake last Monday they brought the specimen down to the Tahoe Lake School where the pelican (with a broken neck, alas) was admired by all. The pelican was then turned over to the science department at the Tahoe Truckee High School. Believe it?

# Tahoe Comstock Is Partly Approved By County Boards

TAHOE VISTA—Don Beck, Lake Tahoe realtor, in a letter to the Sierra Sun this week said that both the Placer County Planning Commission and the Board of Supervisors have unanimously passed the industrial park section of a proposed 80 acre project to be known as the Tahoe Comstock Industrial Park which will consist of approximately 35 acres on the Brockway shortcut near Kings Beach.

Beck further said that the developers, Mr. and Mrs. Flanagan, own 80 acres and have a master plan for the entire property. They were asking for the necessary zoning for the balance of the property at the last meeting of the planning commission and this is the request that was denied by a split vote of the commission, he said.

The Flanagans were asked to hold up their application to have planners get together with the Denney Logging Company planners so that a master plan involving the total 240 acres could be presented. Beck said this request was complied with and the Denney part of the plan accepted and he felt that the Flanagan portion should also be approved since the overall plan was an excellent one.

"I might conclude," Beck said, "by saying that the reason given for holding up the zoning was premature', although it was admitted that it was good planning. In my book, to have good planning, one must be premature. Mr. Barber did mention the lack of public need and necessity, and reflect on the economics of the plan. I feel that he was forgetting that Mr. Flanagan and associates as owners of the land, are indeed a part of the public and as owners have the right or need to develop their land consistent with good planning, and whether it is an economic success remains entirely their domain and private business."

# Following Rules Is Mishap Prevention

How to avoid a traffic citation?

We motorists have read what procedures to follow when receiving a traffic ticket, but the real trick is is knowing how to avoid a traffic tag.

The National Automobile Club, in its efforts to save drivers the time, cost and embarrassment of receiving a traffic citation, advises motorists heed these tips:

1. Keep speed consistent with traffic flow. This is particularly important on congested freeways. Slower speeds tie-up traffic movement. Faster speeds waste gas, and in heavy congestion only results in "getting nowhere fast." Remember slow, as well as fast drivers may be cited as hazards.

2. NAC recommends motorists pick one lane and stick with it. Constant changing of lanes is murder on nerves, results in little additional progress, increases the chance of accident, and may land you in traffic court.

3. Make proper turns. When turning left, make your approach in lane nearest oncoming traffic. Right turns to be made from curb lane. Seems elementary you say? Maybe so, but the courts and cemeteries are full of motorists who thought they knew the rules.

4. Failure to make a complete stop where indicated is a major violation, not to mention the death and destruction its causes. Why make a "California stop" when coming to a full halt requires only a second more?

# Esquires To Return To Nevada Lodge

CRYSTAL BAY—The Esquires, one of the most exciting lounge acts on the Nevada-Hollywood circuit, return on May 18 to the Topaz Room of the Nevada Lodge, North Tahoe's largest year 'round resort-hotel-casino.

The three Esquires are a dynamic musically versatile comedy group that has broken records throughout the Reno-Tahoe entertainment circuit!

With Bob Hanna on piano, Joe martini on accordion and Eddie Bee on bass, the trio romps through a collection of hilarious musical novelty routines, then turns serious for some exciting vocal stylings and instrumentals.

The Galens with Charlene Knight, the popular quartet of song stylists, end their appearance on the Topaz Room stage on May 16.

# Citizens Advisory Chairmen In Meet

The chairmen of the nine subcommittees of the Citizens' Advisory Committee for the Nevada County general plan program met last Thursday to review progress with general chairman Robert Paine and planning consultant Robert Cook of Williams, Cook and Mocine.

Paine said he was quite satisfied with the progress of the sub-committees. All of the sub-committee chairmen reported good attendance to their meetings, and indicated growing interest and enthusiasm from their committees as they began to explore their assignments more deeply.

Review of revisions to the study outlines was the main purpose of this meeting. Each sub-committee had received a "text book" outline from the consultant at the first meeting of the full committee on April 20, and since that time each sub-committee has been discussing and rewriting its outline in its own terms to fit Nevada County's special needs. There was a friendly and lively free interchange of ideas between the committee members and the consultant, who complimented the committees for outstanding thought on their assignments.

Golf enthusiasts are happy with the opening of the Incline Village golf course. Opening day was crowded on the course although snow flurries called for 'woolie" attire.

The Mapes Invitational Golf Tournament found the course ready for the three day play, with Washoe and Hidden Valley being the other two courses. Jackie Jensen of Crystal Bay and the Ponderosa golf course at Truckee participated in the tournament.

The Tahoe Racquet Club opens May 15 regardless of weather according to Peter Paxton of Incline Village. Pancho Gonzales Day will feature open house to members and guests. The club has over eighty local members as well as many non-resident charter members. Richard Egan's charter membership has just been confirmed.

Weather permitting, single and double matches will be played with Gonzales and Segura and two other top professionals.

# CLASS ACTIVITIES IN SCHOOL

### KINGS BEACH SCHOOL

Second and Third Grade—Mrs. McDown: Pupils with birthdays this month are Jeffrey Grover, Steven Crane and Roger Haynes.

Outstanding papers in math last week were turned in by Peter Adamco, Kit Briscoe, Rene Gilmore, Steven Henson, Patti Rich and Dave Jones.

Interesting science projects were brought to class by Patti Rich, Esther Kaspar and Judy Janzen.

Third Grade—Mrs. Thomas: Our class has completed the social studies unit on Indians of the United States. Outstanding projects were turned in by Craig Holmstrand, Joel Cernusak, Joseph Simoni and Marilyn Newlun.

Those students doing more than ten projects were Buddie Bitler, Steve Brehler, Joel Cernusak, Tim Clark, Craig Holmstrand, Billy Larson, John McDown, Sharon Briscoe, Katie Felte, Teresa Ferrari, Susan Maxhimer and Kathie Lee.

Class members having May birthdays are Sharon Briscoe and Lorene Hamilton.

Fourth Grade—Mrs. Wing: Our class elected new representatives to the student council. They are Mike Kornazewich and Colleen Balsley.

Election of officers was also held. We elected Blythe Cheeseman, president; Mark Price, vice president and Jan Rains, secretary. Our newly appointed monitors for the month of May are: Dorothy McDonald, Steven Rodriques, Jan Rains, Debbie Reynolds, Colleen Balsley, Lorelei Moore, Loretta Anderson, Debbie Fellows, Jan Rains, Blythe Cheeseman, Davey Ferrari, Lisa Faulkner and Suzanne Thompson.

Fourth and Fifth Grade Combination—Mrs. Hendrix: On last week's review test in spelling five students earned A's: Terri Burghardt, Patsy Kaspar, Becky Dunham, Dennis Luescher and Guy Searcy. The following students did very well: Jeff Molsberry, Anne Gorrindo, Vicki Miller, Russell Potts, Bob Sikorski and Deborah Brockelsby.

Both groups had reading comprehension and vocabulary test last week. Those who had above average were Anne Gorrindo, Jeff Molsberry, Terri Burghardt, Patsy Kaspar and Dennis Luescher.

Sixth Grade—Miss Loop: In spelling only 12 people received perfect papers. They are Richard Abbott, Jan Achziger, Lynann Fugazi, Patricia Gant, Vickie Hamilton, Susan Leon, Margaret McDonald, Paul McDown, Martha Pope, Debbie Rich, John Tribuzio and Bonnie Weber.

In our social studies those who have made oral reports are Alvin Dow, Steve Burghardt, Linda Anderson, Francie Baxter, Pat Gant, John Tribuzio, Martha Pope and Greg Brockelsby.

Our new class officers for the month of May are Greg Brockelsby, president; Rose Long, secretary and Alvin Dow, treasurer.

Seventh Grade—Mr. Wilen: Upon completion of our last unit in reading, the following students had A's on their final exam: John Gorrindo, Bob Hambelton, Gary Price, Kristin, Beatty and Dona Beck.

During recent class elections, Skip Weber and Lana Hill were chosen as "Personalities of the Week" while Dona Beck was selected as the "Citizen of the Week."

Eighth Grade, (Science) — Mr. Wilen:High grades on a recent science test covering heat and heating methods were given to Sandy Martin, Susan Hawkins, Rich Johnson and Gary Miner.

Sixth Grade: We have completed a study of the weather and have taken the final test. A's were given to Paul McDown, Jan Achziger, Diana Finigan, Vickie Hamilton, Susan Leon, Kathy Humphreys, Martha Pope, Debbie Rich and Bonnie Weber.

### TRUCKEE ELEMENTARY

the automated rail way

Our western forests grow more than trees. Modern lumbering, plywood and paper product industries also mean economic growth and better living to the West. To move these products for building and furnishing homes and industries, dependable transportation is essential.

To fulfill that vital need, Union Pacific provides an array of equipment including extra wide-door freight cars and a growing cushioned-load fleet.

These modern facilities, combined with the latest electronic traffic controls and communications, supervised by skilled personnel, assure products of forest, farm and factory safe, swift and efficient transportation — the automated rail way.

Why worry about inventory and transit problems when Ed Lamme and Union Pacific can take a load off your mind!

Fourth and Fifth Grade Combination — Mrs. Diurni: "Whether the weather be snowy or fair—our weather men are always there." Each morning at 8:30 Scott Jorgensen reads the barometer, Pam Wightman checks the temperature, Gary Modlin checks clouds and sky conditions, Garth or Greg Collins get the wind speed and direction and John Lundgren records it all on a big weather chart. You guessed it! Our latest science study is weather.

We are all pleased when David Burkhart checked in to our 5th grade group last week. The boys were especially happy to have a good athlete join them.

Sixth Grade—Mr. Strong: In reading we have been having oral book reports. The following students gave very good reports last week: Mitch Packard and Michelle Legras.

In social studies we have been studying Brazil. The following did very good reports on the Amazon region of Brazil: Cathy Osincup, Bob Easton, Lenell Topol, Carol Pelletier, Jim Phelan, Mitch Packard, Jim McKinnon and Duane Shaver.

Seventh Grade—Mr. Brower: The students in our class have been extremely busy winding up their geography reports. Their teacher has been discreetly observing this creative and scholarly activity and he notes, with pleasure, that several are of outstanding, far above the seventh grade merit.

Eighth Grade—Mr. Steinhauser: Grades were high in last Friday's civic quiz. Those receiving A or A+ grades were: Jim Banta, Jon Beeman, Tom Carnell, Bill Dutton, Bob Everson, Jim Foeger, Bud Orr, Eric Poulsen, Kathy Mockaitis, Judy Terry and Frank Torrez. Judy Terry and Frank Torrez received the A+ grades.

# DOINGS . . . DONNER

**By Vi White**

Nobody could complain about a thing last weekend, the weather was perfect, the lake calm and even the mothers were out on Mother's Day catching their share of kokanee.

* * *

This will be your last chance to walk around Donner Lake before the water comes up for the summer. Ivan and Sarilda Tofft enjoyed doing just that one day from their Donner Rancho Resort while there was still snow on the ground.

The Tofft's recently took leave of the snow country to spend a few days along the coast; Santa Cruz, Carmel and Monterey, where the blue Pacific Ocean meets the green grassy landscape. A mighty nice change.

* * *

Noticed the state truck adding a new broken white line down the center of old hiway 40 along the lake this week guess it won't be long before they will remove the snow stakes too.

Now that we have that nice divider, let's see that the youngsters realize it's meant for them too. Several of us have had to make a complete stop on the hiway while kids on bicycles weave around in front of cars. Please parents, explain to them that they are to observe the same rules as a car—use the right side of the road. This also goes for noisy motor bikes that tear out of nowhere out into the hiway.

* * *

Some people have luck getting jack-pots, but Dan Horner of Donner Lake Lodge was playing a quarter machine at the Nevada Club when it dropped a ten dollar gold coin among the twenty-five cent pieces. It was minted in San Francisco in 1880 and in very good condition. What luck!

* * *

The December storm damage is still evident around the area, many trees have fallen down. Three have fallen toward the Donner Lake Property Owner's Beach and crashed into the fence, just missing a storage shed. Several cabin owners were up last weekend repairing roofs and cleaning up debris. Some of the roads are still blocked by snow, however.

* * *

Tony Ilardi was trying out his new Lone Star sailboat last weekend, launching it at Cottage Pines Motel. It's a beautiful blue boat with a white sail and certainly adds to the restfulness of Donner Lake.

* * *

Firechief Sky Miles reports that ten new black heavy duty fire coats have been purchased by the Donner Lake Volunteer Fire Department Ladies Auxiliary. They are wool lined, water repellent and have florescent tape on them for easy spotting at night or in a dark room. The firemen meet the first Thursday of each month at 7:30 p. m. at the Donner Lake Firehouse across the creek from the new access road.

At their last training session, Dr. Ray Wiser gave instructions on the use of emergency equipment and mouth to mouth resuscitation. Anyone interested in the department is asked to attend meetings.

Permits for open burning are required and can be obtained at the Truckee Forestry Station. Let's try to keep this year free of disastrous fires, observe clean-up weekend Saturday and Sunday.

In California, after a day's fishing beer's the one... for good taste, good fun

Wherever you fish for sport—on the ocean, by the booming surf, or on some quiet country pond, it's great at the end of the day to head for a rewarding glass of beer. While you're talking over the ones that got away, or pan-frying the ones that didn't, you enjoy the hearty taste and cool refreshment only a glass of beer can give you so well. Yes, whatever your sport—bowling or strolling, golfing or gardening—a frosty glass of beer makes a naturally great accompaniment.

Here's $1,150,000 for the Tahoe Forest Hospital District
**********

Because new hospital facilities were needed, you voted to authorize your hospital district to issue bonds. Bank of America and its associated investment dealers purchased these bonds to give your district the money it needs.

Interest rates on the bonds were decided by *competitive bidding*—a procedure required by law to obtain the lowest average interest rate for the taxpayer under current bond market conditions. Interest rates also reflect the credit rating of your district.

We, at Bank of America, bid on virtually all municipal bonds issued in the State—because we have confidence in the future of California and districts like yours.

One thing that gives us confidence is that you and your neighbors wisely recognize a demonstrated truth: good hospitals benefit all citizens. The quality of a community parallels the quality of its public services. This is reflected in property values through the years.

Bank of America and its associates are proud to play a key role in this development.

You may be interested in buying Tahoe Forest Hospital District Bonds as a personal investment. They offer the advantage of *tax exempt income* and are available in denominations of $5,000. You can purchase these bonds through your local Bank of America branch—or contact our Municipal Bond Department in San Francisco or Los Angeles.

## NEW SOCIAL SECURITY BILL WOULD UP PAY

Payments made to second congressional district recipients of social security benefits would increase by $256,262 monthly if legislation which has passed the house of representatives is enacted into law, according to Congressman Harold T. Johnson.

Although HR 6675 is best known for medical and hospital care provisions, the legislation includes a minimum of 7 per cent increase for retired workers and their dependents, the disabled and others receiving social security payments. A minimum increase of $4 per recipient is also provided in the bill, with eligibility requirements lowered and other changes to bring more people under the retirement system.

Under the bill, 3,728 recipients in Nevada County will receive $258,355 monthly payments. Placer County's 6,461 recipients would get $431,980.

### SALARY BOOST

AUBURN—At the request of Supervisor William Briner, the Placer board of supervisors has raised the salary of County Counsel Richard V. Smith from $1,102 to $1,276 per month. The vote was unanimous and the raise effective July 1.

## New Bill Would Eliminate Changes

SACRAMENTO — (CNS)— The assembly has approved and sent to the senate a bill requiring the photographs of minors' driver's licenses to be in profile, as a means of preventing alteration of age.

The bill is AB1543 by Assemblyman Joseph M. Kennick, D-Long Beach.

"Young people of today have the happy faculty of changing birth dates on licenses," Kennick said. "We have spent a long time looking for a positive identification. The department of motor vehicles now may demand positive proof of a birth date and , if the person is a minor, the photograph will be in profile.

"After the person reaches 21, his driver's license will be renewable and the picture then can be changed to head-on," he said.

Kennick said this bill would permit liquor stores and bars to determine easily from driver's licenses if minors were attempting to make purchases.

"Regardless of what it says on the license—even if it says you're 127 years old—if it's a profile picture, you're a minor," Kennick said.

## OVERSIZE TIRES MAY CHANGE CAR SPEED

The use of oversize tires on a vehicle can alter speedometer readings as much as 5 to 8 miles per hour, Lt. O. P. Ledford, officer in charge of the California Highway Patrol's Truckee substation, said.

"Speedometers are geared to the size tire which was original equipment on your car or truck. Replacement with larger tires will give you a speedometer reading below your actual speed."

The local patrol commander said that in recent months his officers had stopped a number of drivers who were surprised they had been exceeding the speed limit. Their vehicles were equipped with oversize tires.

'Speedometers on some vehicles are geared to the front wheels; others through the rear wheels. Thus oversize tires on either front or rear could affect the speedometer reading, depending on the make of car."

He said motorists could determine speedometer accuracy by driving through speedometer check zones set up on many major highways.

The Coast Guard pioneered in the use of helicopters and in November, 1943 set up a helicopter training base at the Coast Guard Air Station at Floyd Bennett Field in New York.

## $22,293 For County In Fee Distribution

SACRAMENTO — (CNS) — Nevada County and its cities have received $22,293 in a distribution of alcoholic beverage license fees and payments in compromise, for the period September 1-February 28, the department of alcoholic beverage control announced.

This included $12,964 for the unincorporated area of the county.

The counties and cities receive 90 per cent of license fees and payments in compromise, distributed semi-annually, in the proportion that the money was collected.

## New Development In Placer County

AUBURN—Placer County can now look at the county through new eyes—those of an industrial giant and see the many assets we have, County Executive J. E. Williams noted today amid the excitement of the announcement of the location of a new Formica Corporation plant in Western Placer County.

'It is a heady tonic to realize that Placer County has proved again that it has a rising industrial star", Williams said.

Among the many industrial attributes noted by Formica Corporation in the selection of a site in Placer County are: its strategic location on the west coast; its major transportation facilities, both rail and highway; its cultural capabilities and recreation potentials; proximity to major market areas; and water and prime land.

"Local taxes are always a major concern in selection of industrial location," Williams reports, "and Placer County has one of the lowest tax rates in the state." We intend to try to keep it that way, Williams added.

## Report Asks More Land For Squaw

According to the San Francisco Examiner, the State Resources Agency announced that the land ownership pattern at Squaw Valley was "not conducive to good park operation" and asked that the state proceed to acquire acreage necessary for a well rounded summer and winter recreation area.

In a report requested by the legislature last March, the Examiner reports, the agency said that the 1960 Winter Olympics facility was unique in the state park system and had cost the system a net of $3,206,510, including costs projected through June 30 next year.

The report said that Squaw Valley was primarily a concession operated facility with the state functioning only in a supervisory maintenance and service capacity.

The state owns 29 acres, has 1000 acres under use permit from the federal government and the remainder of the valley is either controlled by the forest service or private owners.

The agency proposed a restudy of the area and a recommendation for property acquisition. This program, it was pointed out, would require giving the department of parks and recreation condemnation powers.

The park and recreation director promised that he would attempt to improve operations and urge establishment of a service district to take over sewer and water systems and fire protection duties, the Examiner reported.

## Most Motorists Are Overestimating Self

Nine out of ten motorists consider themselves better than average drivers, reports the National Automobile Club. These figures indicate there are those who overestimate their ability to handle a car.

The time to test your motoring know-how is close at hand. A massive driver education test will be presented by the CBS television network, May 24, at 10 p. m. (PDT). This monumental effort, designed to test the motoring skills of today's driver, is also intended to help cut down murderously high summer traffic deaths and mutilations. The hour-long program does not preach; rather, it invites viewers to participate . . . . to compete with millions of drivers throughout the nation.

NAC urges all motorists to take part in this "first of a kind" television production. Now is the opportunity to prove your motoring prowess, or in some cases, to prove you are only an accident waiting for someplace to happen.

## Autos Should Be Vacation Checked

A vacation months approach, it is the wise motorist who takes careful note of wear and tear caused by winter driving, and sees that his automobile is given its 'annual spring physical," advises the National Automobile Club.

The NAC recommends this 12 point preventive maintenance program: 1. engine tune-up; 2. battery check; 3. complete lubrication and oil change; 4. service cooling system (particularly important for motorists driving in areas requiring use of anti-freeze); 5. adjust brakes; 6. check steering apparatus; 7. check wheel balance and alignment; 8. examine tires for cuts and abnormal wear; 9. inspect shock absorbers; 1. examine exhaust system for corrosion; 11. tighten body and chassis bolts; 12. wash and wax car's finish and chrome.

## CHILDREN'S PLAY TO BE SHOW SATURDAY

TAHOE CITY — A last minute reminder to get tickets for Alladin and His Wonderful Lamp has been issued by the sponsoring groups.

This children's play is opening Friday night at 8 p. m. and will be staged with Saturday performances at 10:30 a. m. and 2:30 p. m. Tickets are 50 cents for children and $1 for adults.

Children of North Tahoe and Truckee will have an opportunity to see sets, costumes and actors at close range in the Tahoe Lake auditorium this weekend and the following weekend and to enjoy the familiar fairy tale of a boy, a magic lamp and a genii.

Sponsoring groups are the Boy Scouts, Incline Village PTA, the Kings Beach PTA, Fluer de Lac Academy and the United Church of Christ Christian Association.

## LOW BID RECEIVED FOR SIERRA ROAD JOB

A low bid of $174,422.10 was received May 5 by the state division of highways for widening 0.8-mile of highway 49 in Sierra County from Sierra City east.

Delta Construction Co. of Rio Vista was lowest of four bidders, according to officials at the Marysville district office.

After work begins, in about six weeks, traffic will be permittted to pass through construction with a minimum of delay. Completion is expected in about four months.

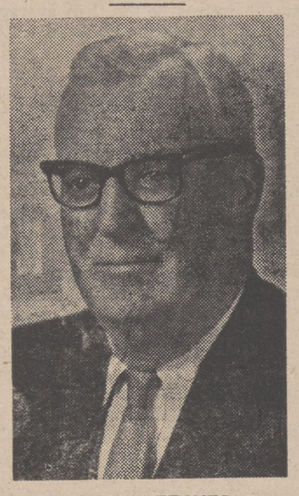
This project will provide a 32-foot all-paved roadway on improved alignment. It will connect on the east with a four-mile section completed under separate contract last July.

**License Issued—**

Hale Harcom, 36, of Crystal Bay and Ella Smith, 25 of Incline Village went to Virginia City for a license to be married.

The first Canadian postage stamps were issued in 1851.

## Fletcher Advanced By Power Company



FRED FLETCHER

The board of directors of Sierra Pacific Power Company, meeting in Reno Friday, elected Fred L. Fletcher, 54, to the position of chairman of the board, and named Neil W. Plath, 55, to succeed him as president.

Fletcher had been president since early 1961. In his new capacity he will principally devote his efforts to the economic development of the company's service area, financial matters, and will participate as the company's representative in statewide and area development activities. He will also direct Sierra Pacific's long-range power supply program.

Plath, who is a native of Nevada, has been vice president of operations since 1960. Previously he was assistant general superintendent and then general superintendent. He started his business career with the company following graduation from the University of Nevada.

His 27 years of utility experience include nine years as a consultant in electric service operations throughout the United States and abroad, and five years of military service, during which he worked on reconstruction of war-damaged European port and power facilities.

## Accidents

(Continued from Page 1)

34, Oakland, attempted a turn on Interstate 80 just back of Truckee and was struck in the rear by one operated by James T. Falltick, 37, Sacramento.

Injured were Fred Dyer, 37, Oakland, Leo D. Rucker, 39, James Artherton, 37, and Robert R. Artherton, 22, all of Sacramento. Mrs. Elliott was cited for making an illegal turn.

**WOMAN HOSPITALIZED**

Mary C. Moore, 46, San Francisco, was cited for speeding after her car left the road near Homewood and struck a tree. She was taken to the Tahoe Forest Hospital for treatment. The accident occurred at 9:15 p. m. Friday.

**SHORTCUT MISHAP**

Robert C. Ocheltree, 64, Sacramento, was taken to the hospital at 8 p. m. Friday after his car left the road and was demolished two miles north of the Brockway shortcut summit. He was cited by the patrol for not having his vehicle under control.

**HIGHWAY 89 CRASH**

Ronald Mathewson, 19, Tahoe City, suffered injuries at 6:30 p. m. Friday when a car driven by Judith Ann Speck, 23, Truckee, ran off the State Route 89 two miles north of Tahoe City.

## Plane Crash

(Continued From Page 1)

flight from Stockton to Reno, gave credit to many assistants in the search including members of the CAP from Truckee and Tahoe including James Catlin of the Truckee Tahoe Airport, Irv Waters, Charles Fink, Frank Lawson and others. He also praised the efforts of Mrs. Pauline Way of the Way Flying Service and Pilot Ralph Hebison.

Dr. Green was a student pilot with only a few weeks flying time. He had landed at Columbia airport Saturday afternoon and it was believed he would stay there overnight. However, a Federal Aviation Agency spokesman said he took off and radioed a flight plan to the Stockton office indicating he would be in Reno at 7:50 p. m.

At 7:12 a lodge operator Phil Leiser reported he had seen the crash and that the water splashed 100 feet into the air.

An all day search Sunday failed to disclose the body of the pilot, although check stubs and clothing were found floating on the surface.

The plane apparently exploded as it struck the water as parts were widely scattered.

Dr. Green's step-father and mother, Donovan and Ruth Harden and a brother, Robert L. Green live in Red Bluff. His wife and two children, Michael, 9, and Patrick, 7, reside in Reno. He was a graduate of Chico State College in 1957.

United States consumption of paper in 1964 amounted to 475 pounds per capita, up 14 pounds from 1963.

### BURNING BANNED

CRYSTAL BAY—Burning, except for small yard cleanup jobs involving pine needles and pine cones, has been banned in the North Shore area of Washoe County, Chief Jack Kissinger of the North Lake Tahoe Fire Protection district, announced.

Ange and Eva Besio were on a buying trip to San Francisco and attended a special day for families at the University of California where their son, Steve, is a student.

### BEE PEOPLE HERE

Morrie Landberg of Channel 13 TV, Dave Frost of the Sacramento Bee personnel department and Mitch Sheridan, Superior California editor of the Bee, were visiting in the Truckee and Tahoe areas this week while on a tour of the communities served by the Bee.

**Back at Tahoe—**

# EDGAR RICE BURROUGHS' Tarzan

OH, HOW I HATE TO GIVE UP... AND YET, IT DOES SEEM HOPELESS!

DR. BANE SWOOPS HIS 'COPTER LOW OVER THE TREETOPS...

I CAN'T SEARCH FOR TARZAN MUCH LONGER... GETTING LOW ON PETROL...

BELOW—THE AILING APE-MAN COWERS FROM THE HOVERING BIRD OF PREY...

AND ITS SCREECHES MUFFLES THE SOUND OF APPROACHING FOOTSTEPS...

WE CAPTURE EVIL TARZAN!

A FEARSOME CRY FILLS THE AIR...

IT FALLS AS MUSIC UPON THE EARS OF TWO WANDERERS...

JOHN CELARDO

WE RETURN TO VILLAGE...OFFER TARZAN TO EVIL SPIRITS...THEN PEACE COMES AGAIN...

WHAT'S THIS?!... HUNTING PARTY COMING OUT OF THE JUNGLE!... I'LL BE...! THEY'VE GOT *TARZAN*!
